This report is due: **June 30**.
Please give to the service unit
manager or the service unit

Purpose of the Troop/Group Financial Report Form:

Every troop leader is responsible for the accounting of all troop/group funds. The Troop/Group Financial Report Form is the tool used to report to girls, parents, the service unit and Girl Scout Center, how troop funds were managed during the Girl Scout year. Effective management of troop funds models financial responsibility for girls, and helps to communicate to parents the value of the Girl Scout program. This form is due by **June 30** to the service unit manager, or service unit financial consultant.

How to Complete the Troop Group Financial Report Form

The following instructions will help you successfully complete the Troop/Group Financial Report Form. Should you have questions or concerns, please contact your service unit manager, financial consultant, or program consultant.

Each line/section of the Troop/Group Financial Report Form is numbered. The following instructions are based on the line items.

Line 1: Please indicate the time frame the report covers. Since this form must be completed each year, the time frame should be no more than 1 year. The form is designed to cover June 1 – May 31 of each year.

Line 2: This box is asking for service unit and troop information. Please complete every blank in the box.

The next section of the form is broken into four columns: Income, Amount, Expenses, and Amount. You will need to record all of the troop's income and expenses in this section.

The following instructions are also broken into the two primary areas: Income and Expenses.

Income

Line 3: National Registration Dues: Please record the amount spent on National Registration Dues (the \$10 that accompanies the green (girl) and blue (adult) registration forms turned in to the service unit/Girl Scout Center). To calculate this, use the following:

$$\begin{array}{r} \underline{\hspace{2cm}} \times \underline{\hspace{1cm}} \$10 = \underline{\hspace{2cm}} \\ \# \text{ of girls in the troop} \quad \text{National Reg. Dues} \quad \text{Total Of National Reg. Dues} \\ \\ \underline{\hspace{2cm}} \times \underline{\hspace{1cm}} \$10 = \underline{\hspace{2cm}} * \\ \# \text{ of adults in the troop} \quad \text{National Reg. Dues} \quad \text{Total Of National Reg. Dues} \end{array}$$

Add these two totals together & record on Line 3.

*Does the troop pay for adult registrations? If yes, this should be documented in the expense column.

Line 4: Juliette Low Fund: This is any money collected or earned to support the Juliette Low World Friendship Fund. For more information about this fund, please see the *Volunteer Resource Disc*.

Line 5-8: Program Fees: Record any money that each girl paid to the troop funds to help cover the cost of a troop program. For example, your troop is going camping and each girl needs to pay \$5 to help cover the expense of the camping trip. This is considered income. There are three categories listed on this form: Events (activities sponsored by the troop, service unit, the Girl Scout council or a community organization), Trips (any fee related to a troop trip) and Outdoor/Camping (any activities day or overnight that took place at a park, camp, etc.).

Line 9: Troop/Group Dues: This is any money that the girls pay to the troop funds on a weekly or monthly basis that help support troop activities. Here is a simple way to calculate the amount: (record your total collected on line 9):

$$\frac{\text{Weekly/monthly amount}}{\# \text{ of girls in troop}} \times \text{Total collected on weekly/monthly basis} = \text{Total collected on weekly/monthly basis}$$

$$\frac{\text{Total collected on weekly/monthly basis}}{\# \text{ of meetings or times dues collected}} \times \text{Total} = \text{Total}$$

Line 10: Fall Product Sales: This is any money the troop earned on fall product sales. To calculate this, use the following:

$$\frac{\# \text{ of items sold}}{\text{Profit for each item}} \times \text{Record total on Line 10} = \text{Record total on Line 10}$$

Line 11: Cookie Sale: Record any money earned by the girls in your troop through participation in the Cookie Sale. To calculate this, use the following:

$$\frac{\text{Income per box}}{\# \text{ of boxes sold}} \times \text{Record total on Line 11} = \text{Record total on Line 11}$$

Your troop cookie sale manager will have this information.

Line 12-16: Other Money Earning Projects: Record any other earnings beyond the calendar sale and cookie sale. This may be from bake sales, car washes, etc., any extra money earning projects that the troop initiated. Please list (individually) the money earning projects on lines 13 – 16, and total their amounts in the column on the right.

Line 17-18: Other Income: Record on the lines provided any other income for the troop not listed above. Please list the source of the income on the lines provided, and total the amount to the column on the right.

Line 19: Total: Add Lines 3 – 18. This is your total troop income.
