

## Girl Scouts in Action

Girl Scout troops from the local Shawnee Oak Wind Service Unit recently participated in a community service project to benefit St. Vincent de Paul. The girls collected donations of personal care items from friends and family and those items were placed in a backpack. The backpacks were donated to St. Vincent de Paul, who will donate the packs to those in need due to an emergency.

Girl Scout Brownies, Juniors, Cadettes and Seniors participated in the project. As part of the project, the girls learned about the St. Vincent De Paul organization, who they serve and the services provided by the organization. The service unit plans to continue this partnership with St. Vincent de Paul and have set a goal of collecting personal care items sufficient to fill at least 25 backpacks.

If you are interested in learning more about Girl Scouts or if you would like to volunteer to help girls build courage, confidence and character in order to make the world a better place, please contact Lauren Hicks, Membership Extension Specialist at (937) 275-7601 ext. 536 or 1-800-233-4845.
